Project Management Institute

Project Management Standards

PMI's *A Guide to the Project Management Body of Knowledge (PMBOK® Guide)* – 2000 Edition

Project Management Institute

Project Management Standards

PMBOK[®] *Guide* – 2000 Edition

- Update completed in 2000
- Several extensions underway
- The 2000 Edition has superseded the 1996 Edition as an American National Standard [so designated by the American National Standard Institute (ANSI)]

Project Management Institute

PMBOK® *Guide* – 2000 Edition

- Provides basic structure for understanding project management and the environment in which projects operate
- Generalized view of how various project management processes commonly interact

Project Management Institute

Project Management Certification

PMI's Project Management
Professional (PMP®) Certification Program

Project Management Institute

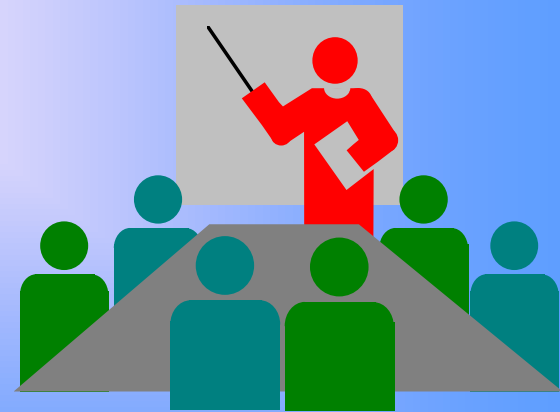

Project Management Certification

● PMP Certification

- Introduced in 1984

● Requirements:

- Demonstrated Experience
- Demonstrated Education
- Pass Examination
- Agree to Abide by the Code of Professional Conduct

Project Management Certification

- Administered in 40 countries
- Administered at over 60 test sites
- Administered in 8 languages

Project Management Institute

Project Management Certification

PMP Professional Development Program

In order to maintain the PMP credential, individual PMPs must satisfy the Professional Development Program requirements (*administered by PMI's Education Department*)

Professional Development Program:

- 3-year cycle
- 60 PDUs must be earned during this cycle

Project Management Institute

Project Management Certification

Professional Development Unit Categories

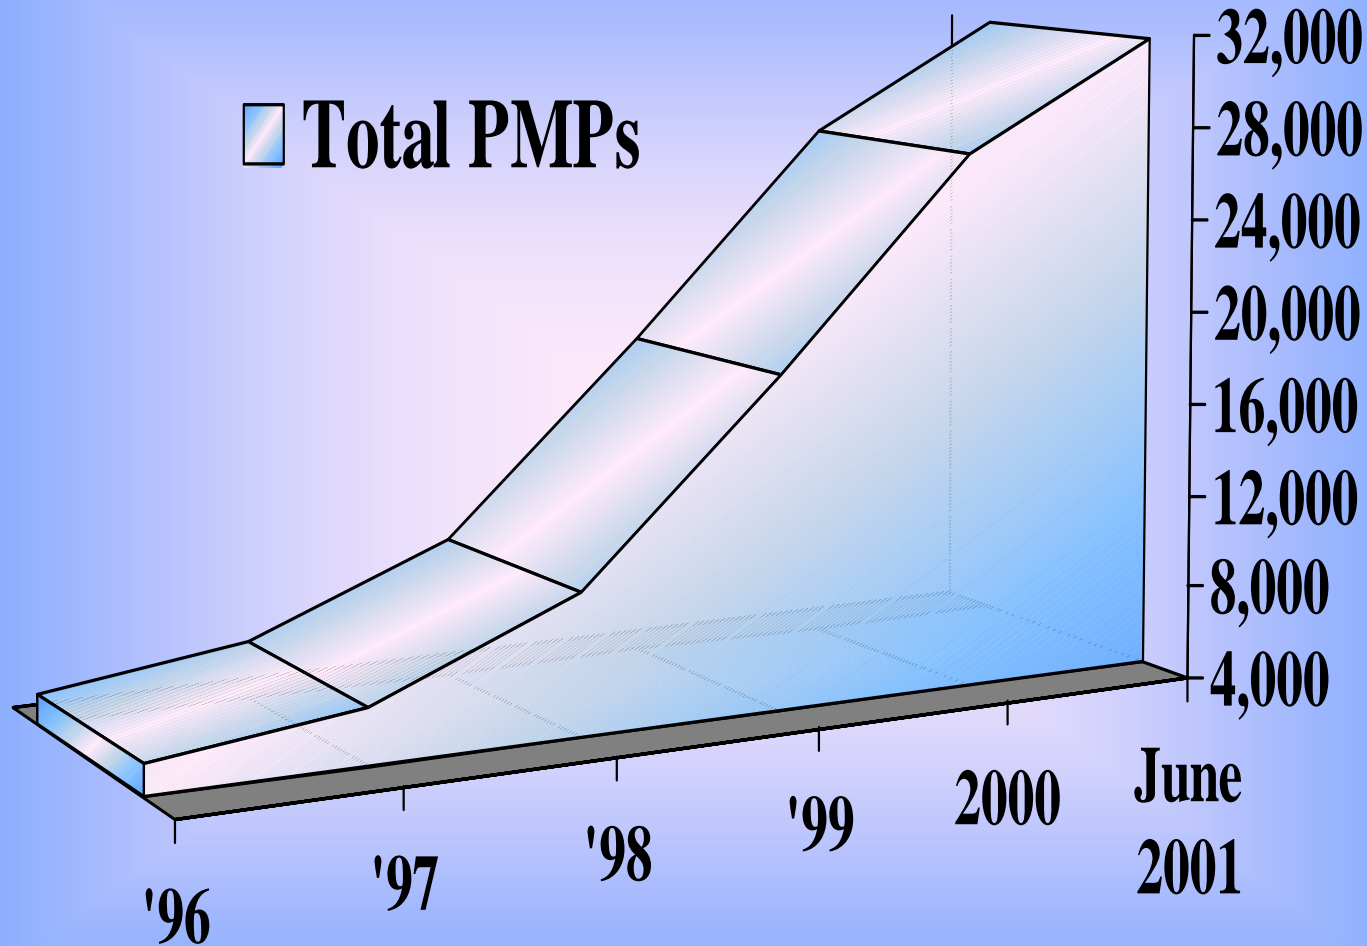

PDUs must be attained in specific categories:

- Post certification formal education
- Self-directed learning and professional activities
- Programs sponsored by PMI Professional Development Providers
- Programs sponsored by other providers
- Service to professional/community associations

Project Management Institute

Demand for PMP Certification

Project Management Institute

Project Management Certification

PMI's PMP Certification Program Department

Recently received **ISO 9001** certification
and became the first Certification Program
Department in the world
to achieve the honor.

A DIVISION OF
THE NATIONAL REGISTRY

ACCREDITED BY
THE COUNCIL FOR

Project Management Trends

Where are we headed?

PMI Environmental Scan 2000

Trends

- Shorter product life span
- Globalization
- Reduced government involvement
- Focus on short-term results
- Distributed education
- Widening generation gap

Project Management Institute

PMI Environmental Scan 2000

Challenges

- Public perception and acceptance
- Acceptance by top management
- Success/showing value
- Methods/applying/understanding/consistency
- Becoming a profession/establishing standards

Project Management Institute

PMI Environmental Scan 2000

Most Important Capabilities

- Leadership skills/vision and motivating others
- People skills/getting along with others
- Management skills/directing and managing others

Project Management Institute

PMI Environmental Scan 2000

The Good News

- The de facto business model by 2010 will be project driven
- The importance of global standards will increase
- Project management skills will be crucial to economic success
- Interest in project management is growing substantially

Project Management Institute

The Project Management Profession

The Very Good News

An investment in project management today

...will provide a very healthy ROI tomorrow
