Donald Mendoza, Ph.D.

ARC Chief Engineer's Office   **ARC Chief Knowledge Officer**

- ## Where ARC is
  - Assessing the Center's current lessons learned (LL) policy w/NPD 7120.6
  - Primarily executing a LL *harvesting* activity
    - Predominately engaging projects at their end
    - Reviewing mishap reports
  - Partnering with various Center communities of practice
    - Advocating for and explaining the KM process
    - Identifying various KM elements, tools, & needs
    - Sharing knowledge

- ## Where ARC is going
  - Fully NPD 7120.6 compliant KM process
  - End-to-end and fully integrated KM Process with the Center's projects and activities

- ## Where ARC needs help
  - Funding
  - Center specific and restricted element of LLIS and other online KM tools
  - Pull from the top (assess 7120.6 compliance at Key Decision Point reviews)
